Hi Skew Series

The Hi Skew Series propeller was designed for motor yachts exceeding 45 tons. The slightly cabered leading edges, with 20 degrees of skew, alleviate prop noise and vibration. This, therefore, enhances engine & fuel efficiency resulting in better overall performance

Patterns are custom crafted to specifications

Blade area ratios range from 87% to 125% depending on application.

Available in four and five blades

Range of production

Diameter 38" to 75"

Construction Material

Nibral.
