

We Make 'Em Go. *FASTER.*<sup>®</sup>

## Kaplan Series

The Kaplan was designed for Offshore Vessels, Tugboats and Trawlers with Nozzle Setups.

The heavy construction, along with modified leading edges, increases engine efficiency. DAR is available from .50 to .83, depending on number of blades.

### *Range of production*

Diameter 34" to 80"

### *Construction Material*

Bronze or Nibral.
